'The Voice of UK Cardiology'

Enc. 8.4

VP for Training (Elect)

1 Candidate – Elected Unopposed

John Paisey

Nominations:

Mark Westwood

Alison Calver

Supporting Statement:

I have served as the Vice Chair of the cardiology SAC for the last 2 years having been elected to that post by the members of the the committee. Prior to that for three years I was the curriculum lead an served as TPD for Wessex for 6 years.

I have extensive experience of working with the various partner organisations to from patient and trainee representatives through to the Royal Colleges and GMC to further the cause of cardiology training. I have made many errors over this time in these roles and therefore hope to be well placed to avoid similar missteps if elected to VP for training.

I have wide experience of education outside of the SAC organising and providing educational activity as education committee chair at BHRS and the question selection committee for the EECC.
