

Council – 2 posts

1 - Non-surgical centre rep

1 – Council Member (without portfolio)

(Responsible Trustee and Chair of Council: BCS President - Professor John Greenwood)

The Council advises the Board on issues relating to cardiovascular medicine in the United Kingdom. It acts as an interface and route of communication between the Society and the Affiliated Societies. Elected members of Council represent the BCS membership at Council meetings and may be elected to represent specific constituencies (e.g. DGH cardiology) or without portfolio. Elected Council members will be expected to engage in the work of Society through committees, working groups and other projects as directed by the President and Board.

One Elected member will be invited on a rolling basis to attend BCS Board and executive meetings.

Council members should be prepared for additional time commitment in this respect. Council currently meets three times per year. At least 75% attendance is required. Meetings will normally be held via Teams and elected members serve a term of three years.

Reports to: Chair and Board

Eligibility for standing: In order to stand for elected posts on the BCS Committee applicants must be Ordinary Members of the BCS.
